Mendham, New Jersey 07945-0239

FIVE HUNDRED AND SEVEN MECHANICAL MOVEMENTS,

EMBRACING

ALL THOSE WHICH ARE MOST IMPORTANT IN

DYNAMICS, HYDRAULICS, HYDROSTATICS, PNEUMATICS, STEAM
ENGINES, MILL AND OTHER GEARING, PRESSES, HOROLOGY,
AND MISCELLANEOUS MACHINERY;

AND INCLUDING

MANY MOVEMENTS NEVER BEFORE PUBLISHED,

AND

SEVERAL WHICH HAVE ONLY RECENTLY COME INTO USE.

BY
HENRY T. BROWN,
EDITOR OF THE "AMERICAN ARTISAN."

NEW-YORK:
PUBLISHED BY BROWN, COOMBS & CO.,
OFFICE OF THE "AMERICAN ARTISAN,"
159 BROADWAY.
1869.

Preface

Injectors have long been a fascination for me, and I have spent many of my leisure days in studying their construction and operation. I have been fortunate in obtaining for my collection a large number of them, and I have been able to study them in detail. I have also been able to study them in operation, and I have been able to study them in detail. I have also been able to study them in operation, and I have been able to study them in detail.

MINIATURE INJECTORS INSIDE AND OUT

by D. A. G. Brown

My account of the injector is not a complete one, but it is a very complete one. I have tried to include the details of the injector, and I have tried to include the details of the injector. I have also been able to study them in operation, and I have been able to study them in detail. I have also been able to study them in operation, and I have been able to study them in detail.
